The Club will provide appetizers (for both Members/ Sponsors and Guests) and Members/Sponsors will pay for the drinks for themselves and for their guests. We thought this would be an informal way to bring in interested people and also be a kickoff to the Holiday Season.

From the Treasurer, Quarterly Financial Report

With the financial struggles the club has experienced over the last year, the past three months have seen incredible support from our members through increase sales and donations to the Preservation Fund and general operations. You have made it clear that the sustainability of the club is important, and this is observed in the financial statements.

While there is a sizable increase in net income from last year to date, there is concern that we will not maintain this level of activity. To increase transparency and awareness of the Club's financial status, the finance committee and Board of Governors have decided to provide the membership with quarterly financial reports. This first month a consolidated profit and loss statement is provided with year-to-date details in addition to the 3rd quarter. The next report will be year-end and contain more detailed information. Please let us know if there is any information you feel should be included in the quarterly reports.

The continued success of the Club is dependent on all of our support. Once again thank you to all members who have donated to the Preservation Fund and general operations. This additional support will help maintain the integrity of the establishment.

Winning Wednesday trivia night will be temporarily canceled for the holidays and resume on January 20th.

Happy Hour/Twilight Trio

The Twilight Trio menu is a three-course meal featuring your choice of a soup or salad, entrée and dessert soufflé all for just \$25. With half off cocktails from 4:30 to 6:30 every Friday and Saturday. The new entrée options for November are listed below:
